

# Request for Council Action

Originator Public Works	Item <b>Approve Resolution Supporting State Funding for City Streets</b>
Agenda Section Consent Business	Date 4/4/2016
Description	

For many years, the City of Bloomington has supported increased funding for transportation. The 2016 Legislative Policy adopted by the City Council memorializes this support under the Passive Lobbying and Monitoring section:

## **TRANSPORTATION**

1. Support additional transportation and transit funding recommended by Governor's Transportation Finance Advisory Committee and Move MN

Staff was recently contacted by the League of Minnesota Cities (LMC) requesting a resolution to be shared with State Legislators supporting statewide funding for local roadway systems. A proposed resolution based on the sample provided by the LMC, which is consistent with the City's adopted Legislative Policy, is attached.

Similar resolutions have been passed by approximately 200 other Minnesota communities. A listing of those cities is also attached.

The proposed resolution has been reviewed and approved by Legal.

Prepared and Presented by: Karl Keel
